## REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the Superintending School Committee and citizens of  
the Town of Greenwood:*

I herewith submit my third annual report of the schools and school property of this town.

We were fortunate in being able to retain seven of our former teachers. It is impossible to build a strong teaching force unless teachers are retained from year to year. All of the teachers have had experience, with two exceptions. It is very pleasing to report that every teacher seems to be taking a real interest in helping to maintain an efficient school system.

The salaries of our teachers are very low, two teachers receiving only \$15 per week, three \$16 per week, two \$18 and two \$20, an average of \$17. As the school year is only 36 weeks, this means an average weekly salary for the year of \$11.20. On this salary five of our teachers must attend summer school at a cost of \$50 to \$100. Under the new ruling made by the State Commissioner of Education, no teacher will be granted a certificate beginning with July 1932, unless she has had at least one year of Normal School training. Teachers who are not graduates from Normal School, must attend summer school every two years or their certificates will not be renewed by the Educational Department.

Our registration for the fall term was 143; average attendance 133. The school census comprises 243 pupils.

Grade registration was as follows:

	Boys	Girls	Total
Grade I,	11	10	21
Grade II,	11	5	16
Grade III,	15	9	24
Grade IV,	11	10	21
Grade V,	10	12	22
Grade VI,	6	6	12
Grade VII,	8	5	13
Grade VIII,	8	6	14

The cost of education per pupil for the year 1931 was \$48.94; number of pupils conveyed, 13.

The attendance on the whole has been very satisfactory. It has only been necessary to call the attention of a few parents to the Truancy Law. There has been more or less absence since the opening of the winter term on account of measles, colds, etc.

At the present time we have 28 students in secondary schools as follows: Gould Academy, 4; Paris High, 9; Woodstock High, 15. Enrollment in classes: Seniors, 2; Juniors, 11; Sophomores, 6; Freshmen, 9.

The Health work has been carried on this year as in the past under the direction of the County Nurse, Miss Ruth Woodward. Although she has not spent as much time in the schools during the fall term as in the past year, more time will be given during the winter and spring terms.

Following is the report of Miss Woodward:

No. days service paid for by town,	5.7
No. days service given by nurse,	6.6
No. pupils examined,	194

#### Defects

Underweight,	31
Vision,	12

Teeth,	120
Nasal passages,	17
Glands,	65
Throat,	62
Skin,	8
Pediculosis,	4
Posture,	2

One of the present needs is a School Physician to work in conjunction with the school nurse. Often on the personal advice of a school physician parents would see that certain personal defects were eliminated which would result in an improvement in the child both mentally and physically.

The textbooks are in fairly good condition. New Arithmetics and English books have been supplied in the upper grades. Supplementary reading material is needed very much, and new geographies must be provided for the grammar grades before another fall.

A wood shed large enough to hold a year's supply of wood was built at the Locke Mills schoolhouse, and the roof of the entrance was repaired. Storm windows are needed for the primary room. Only minor repairs were made on the other schoolhouses. It will be necessary to shingle the Irish, Bryant and Patch Mountain schoolhouses the coming summer.

The tuition at Gould Academy has been increased from \$100 to \$125 per student. Even with the increased enrollment in Secondary Schools the coming school year, it will not be necessary for the town to appropriate more than \$1,600, which is \$300 less than last year. It will be impossible to carry on the work in the common schools with less than \$4,000 appropriation, as we did not receive as much money from the State, and we have only \$92.96 balance on hand, in contrast with \$439.43 the previous year. Unless we keep our municipal rate and school rate above the average, we will lose our equalization fund from the State,

which would be a serious loss to a town of the valuation of Greenwood.

In conclusion, I wish to express my appreciation to the Superintending School Committee, other town officials, teachers, and citizens for their continued support and courtesy during the past year.

Respectfully submitted,

E. R. BOWDOIN,  
Superintendent of Schools.
